Hello Lisa: Please provide me the locations where these trucks are parking and using the DP placards. I will have my staff look into whether they are abusing the privilege, as they most likely are. Regards.

Dear Brian:

Just wanted to introduce myself to you as I am the Executive Director of the Hollywood Media BID (boundaries West of Vine, North of Melrose, East of Formosa, and South of DeLongpre - I have attached the most recent BID district map for your consideration). I am contacting you today regarding parking enforcement options when it comes to Handicap License Plates an/or Placards within the BID boundaries. There are a number of oversized vehicles as well as other vehicles that are parking for multiple days with handicap placards/License plates without any enforcement. This is taking up valuable parking space for many of our stakeholders as well as businesses that are open for extended periods of time. My question is when does the handicap exemption no longer work - meaning when can you site the vehicle owner for time limit or another violation. Are handicap placards exempt from colored curbs?

Please let me know as I am going pursue parking restrictions in the area.

Thank you

Lisa Schechter
